This Month at The Peak

This month we'll be starting a new series called "Is It Just Me?" We'll be discussing how to build Christ-centered community and why God gave us the Church to be that community.

January 6- The Church is meant to build one another up and encourage one another in our pursuit of Christ. *Ephesians 4:1-16.*

January 13- We sometimes choose isolation when we've sinned. Vulnerability with God and others is the first step toward confession of sin; it brings us out of hiding. God promises to cleanse us from our sin when we confess. *Psalms 32; James 5:16*

January 20- The early church was known for its extreme generosity. Members of the community took care of each other to the point of sacrifice. *Acts 2:42-47; 4:32-37*

January 27- The primary function of the Church is to continue the work of Christ on Earth: to seek and save the lost. *Acts 8:1; 11:19-24*
